Use of Cookies

Mateja Travel websites use "cookies" to help you personalize your online experience. A cookie is a text file that is placed on your hard disk by a webpage server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you, and can only be read by a web server in the domain that issued the cookie to you.

One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the web server that you have returned to a specific page. For example, if you personalize Mateja Travel's pages or register with Mateja Travel site or services, a cookie helps Mateja Travel recall your specific information on subsequent visits. This simplifies the process of recording your personal information such as e-mail addresses and billing addresses. When you return to the same Mateja Travel website, the information you previously provided can be retrieved so you can easily use the features that you customized.

You have the ability to accept or decline cookies. Most web browsers accept cookies automatically, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may be unable to fully experience the interactive features of Mateja Travel services or websites you visit.
